

Tim & Nancy Chally

Jesus said to them, "My food is to do the will of Him who sent Me, and to accomplish His work. Do you not say, 'There are still four months, and then comes the harvest'? Behold, I tell you, raise your eyes and observe the fields, that they are white for harvest. John 4:34-35

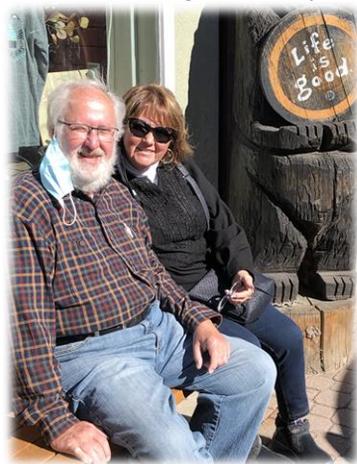

The passage above, from John 4, needs the context to understand the message Jesus was giving His disciples. He was traveling through Samaria with His disciples and had just encountered the 'woman at the well'. His disciples had left Him to look for food in the town. As they returned Jesus used this setting and time to illustrate the desperate need for ministry that was all around them. Where is our ministry? It is here in the southwest United States. Yet, it is all around us! As I look around the community where God has placed us, we are here living among 5 million people on the front range of Colorado during a pandemic. People are suffering and struggling spiritually with no hope and heading into eternity without Christ! We live in Douglas County just south of Denver. Seventy-five years ago, Castle Rock, our new home, was a cattle town where they would drive cattle through the center of the square. Today, Douglas County has a population of over 350,000 with just a few good Bible teaching churches. "How then are they to call on Him in whom they have not believed? How are they to believe in Him whom they have not heard? And how are they to hear without a preacher?" Romans 10:14 The fields here are white for the harvest, but the laborers are few. Are you called to join us?

Nancy and I have had a quiet month, and like millions of others, shrugging off the effects of a COVID infection. Statistics say 1 in 41 people in Colorado now have the virus. I praise God that we had mild symptoms and we have recovered well. We enjoyed a quiet Thanksgiving this week with a few of our children and grandchildren.

Our winter schedule has filled up with some ministry traveling and opportunities for me to speak at several churches in December and January. I'm praying that God would give us post-COVID open doors to begin working for harvest in the communities where he has placed us. In January, I'll be traveling to Calvary University in Kansas City to speak to their students at their annual Global Outreach Conference. Also, in January we will hold our annual 'virtual' RSBCE meeting with our board of directors. **Please pray** with us for God's wisdom and His perfect will as we reset and plan for church planting in a post-COVID world.

Dr. Dave & Bonnie Miller

We were blessed to have some visitors at the end of October as our dear friends from our home church in Illinois, Dr. Dave and Bonnie Miller were with us for a few days. We enjoyed a beautiful day visiting some mountain towns together. We served with the Millers for over 30 years at Liberty Bible Church in Eureka, Illinois.

Our home is always open for visitors and is great place to stay for a few days if your travel plans lead you to Colorado. We'd love to see you here on the front range!
